Ghina Yashar

Software Developer & Engineer

I'm an explorer by nature; I thrive outside of my comfort zone and am always on the lookout for new lessons. I am passionate, persistent and thorough. I never give up, never take my eyes off the goal, and never stop marching forward.

WORK EXPERIENCE

Software Engineer (Front-end)
Atlassian Pty Ltd

11/2021 - Present

Atlassian is a leading provider of collaboration, development, and issue tracking software for teams.

Achievements/Tasks

- Part of a fast-paced team focused on delivering highly requested features to increase customer satisfaction.
- Successfully lead multiple projects from planning to delivery, with impacts reaching millions of users.
- My role involves continuous collaboration with product managers, designers and other engineering teams.

Software Engineer (Full-stack)
REA Group ⬀

02/2019 - 11/2021

REA is a digital advertising company that operates Australia's leading property websites.

Role

- Mainly working with React, TypeScript, CSS, Docker, Ruby on Rails & GraphQL.
- Experience in project management, solution design & team federation.
- Also spent time exploring different software areas, including iOS development and mobile CI.

R&D Tax Consultant
KPMG ⬀

07/2017 - 09/2018

The practice involves reviewing technical projects and identifying what qualifies as software R&D for tax offset purposes.

Role

- Reviewing, understanding and summarising technical documentation.
- I identified the state-of-the-art in different software fields to distinguish between R&D and standard software engineering.
- I learned to translate highly technical project reports to non-technical personnel.

JavaScript TypeScript React (JS) CSS

Flow (JS) Ruby on Rails Python Git

Swift iOS Development GraphQL

Machine Learning Maya 3D Modelling

Artificial Intelligence Project Management

+ Some experience with Java, Scala & Kotlin

LEADERSHIP EXPERIENCE

Executive Organiser at UNIHACK Inc. (05/2016 - 04/2021) ⬀

- UNIHACK is Australia's premier student hackathon with approximately 200 participants annually.
- My roles in the team included Technical and Logistics Lead.

Monash Student Engagement Committee Representative (06/2016 - 12/2018)

- Recruited by Associate Dean of Student Engagement of the IT faculty.
- Responsibilities include managing extracurricular programs, hosting events and resolving student concerns.

President of WIRED (Monash IT Faculty Student Society) (09/2017 - 09/2018) ⬀

- WIRED hosts a variety of events for IT students, ranging from career fairs and hackathons to social game nights.
- As President, my main responsibility was to create a better working environment for my team to perform and excel.

ACHIEVEMENTS

International Merit Scholarship (2015 - 2018)
Received a monetary merit scholarship from Monash University upon applying for my Bachelor degree.

Panellist at Monash University Engineering Careers Event (06/2019)
Acted as a representative of the software engineering stream at an event targeted towards high school students interested in STEM.

Judge at Monash University's Bit By Bit Hackathon (08/2019)
Was invited as a judge at a student hackathon due to my experience in the industry and my involvement with the Melbourne hackathon scene.
